What is Dual Enrollment?

Dual Enrollment provides high school students the opportunity to take college-credit bearing courses taught by college-approved high school teachers. Eligible courses allow students to earn high school credit and transcripted college credit at the time they pass the course. Omaha Public Schools partners with Metropolitan Community College (MCC), University of Nebraska (UNO), Creighton University (CU), Midland University (MU), and Nebraska Wesleyan University (NWU) to provide dual enrollment opportunities in Advanced Placement (AP), Career Education, and Magnet Program/Special Program courses. Dual Enrollment is a low-cost model where students realize reduced tuition rates, where credits earned may transfer to another college or university, and where students experience a smooth transition from high school to college. Each partner institution determines their own policies and guidelines regarding, tuition costs, application deadlines, acceptance and transferability of credits. The state of Nebraska offers the Access College Early (ACE) scholarship for low-income high school students.

Bryan High School
AP Course Offerings

Omaha Public Schools does not discriminate on the basis of race, color, national origin, religion, sex, marital status, sexual orientation, disability, age, genetic information, citizenship status, or economic status in its programs, activities and employment and provides equal access to the Boy Scouts and other designated youth groups. The following individual has been designated to address inquiries regarding the non-discrimination policies: Superintendent of Schools, 3215 Cuming Street, Omaha, NE 68131 (402-557-2001).
What is Advanced Placement?

The Advanced Placement (AP) program in the Omaha Public Schools offers high school students the opportunity to take college level courses in a high school setting. For over fifty years, students in the school district have participated in the AP program, not only to gain higher-level academic skills, but also to earn college credit while still in high school.

Successful completion of AP Exams offers student the opportunity to earn advanced academic college credit. This can mean substantial savings for families on courses that would otherwise have to be taken in the freshman and sophomore years in college. Participation in the AP program gives students college level experience while still in high school.

“Nationally, research shows that students who score a 3 or higher on an AP exam typically earn higher grade point averages in college and have higher graduation rates than their non-AP peers.”

Where can I find answers to Frequently Asked Questions?

1. What other information should I know about Bryan High School’s AP program?
   Visit the ACADEMICS tab at the school website http://www.bryan.ops.org.

2. How do AP credits transfer?
   Credit policies are different for every college and university. Call the college or university you are applying to and speak with an admissions counselor. You can also check out this website to view specific school policies: https://apstudent.collegboard.org/creditandplacement/search-credit-policies

3. When are the AP exams administered?
   AP exams are administered according to the College Board schedule and occur during two weeks in May.

4. Is there test preparation available outside of class?
   Talk with your teacher regarding review sessions they may offer. Your guidance office may have local information and you can also visit: http://www.collegeboard.com/ap/students/prep/index.html.

5. Can I receive testing accommodations?
   See your counselor and/or IEP case manager.

6. How do I register for AP exams?
   Registration for AP exams will occur in the Spring in AP classes. You can also see Bryan’s AP coordinator for information.
